Desktop / Laptop

Chrome

- != WebRTC 1.0
- De-facto specification

Firefox

- Close to WebRTC 1.0 spec
- Missing good WebRTC tooling

Safari

- No VP9
- Slightly buggier than others

Edge

- Next release based on Chromium
- Will behave like Chrome for WebRTC

IE

- No WebRTC
- Not now. Not ever

Electron

- Best alternative for desktop apps
- Solves IE coverage problem as well

Mobile

iOS

- Safari on iOS supports WebRTC
- Other browsers don't
- iOS Webview has no WebRTC
- Native apps can support WebRTC

Android

- Chrome, Firefox, ... support WebRTC
- Android Webview has WebRTC
- Native apps can support WebRTC
